More to Know

Chester County Recycling Centers are for residential use **ONLY**. The use of these sites for the disposal of commercially generated waste is **ILLEGAL**.

Special Disposal Days

Chester County holds **Hazardous Household Waste Collection Days** for residents to drop off unwanted paint, pesticides, cleaners and similar products. Paper shredding also is provided for households on these days.

For a schedule of collection days and a complete list of the items accepted, call (803) 581-4831.

Why recycle?

- Recycling prevents materials from going into a landfill.
- Recycling saves money and creates jobs.
- Recycling saves natural resources like trees and petroleum.

* **It's now the law to recycle electronics in South Carolina.** In addition to the Chester County's Landfill Recycling Center, many manufacturers and retailers also offer consumer recycling options. For information on these programs, please visit www.scdhec.gov/e-cycle and click on "E-cycling Options for Residents" in the column on the left-hand side of the page.

Curbside Recycling

The City of Chester offers curbside recycling for its residents. For more information, call the city at (803) 581-1405.

Preparing Your Recyclables

- Clean your recyclables and separate them from your regular household trash.
- Flatten cardboard, aluminum cans, plastic bottles and steel cans. This will help save space.
- Keep newspaper and magazines clean and dry.
- At the collection centers, place recyclables in the correct containers.
- When in doubt, leave it out ... or ask!

More Recycling/Disposal Options

Certain items require special processing. It is necessary that they be delivered directly to the Solid Waste Transfer Station on Peden Bridge Road. The items that need to be taken to this site only include:

- **tree limbs, branches, leaves, grass clippings and other land-clearing debris** (only accepted in small amounts from household projects – no commercial waste accepted);
- **chairs, siding and window screens;**
- **paint** (paint cans must be dry and paint thinner containers must be empty);
- **tires** (cost of \$1 per tire or \$100 per ton); and
- **building materials** from construction or demolition projects (e.g. lumber scraps, sheet rock, shingles, wall board, plaster). This material must be taken to the Landfill. Treated wood, railroad ties and utility poles ARE NOT accepted.

Recycle Used Motor Oil

Recycling used motor oil protects human health and the environment. One gallon of used motor oil poured on the ground or in a sewer system can contaminate as much as 1 million gallons of water – often the very water we drink.

To make proper management easy and convenient, all Chester County Recycling Centers accept used motor oil, oil filters and oil bottles for recycling.

This brochure is provided in part by funds and/or services from the S.C. Department of Health and Environmental Control's Office of Solid Waste Reduction and Recycling.
